

# Crystal Clock Oscillator

## NZ2520S Series

### Model name

NZ2520SB Frequency stability of  $\pm 50 \times 10^{-6}$ .

### Application

- For compact mobile information equipment, such as DVC, DSC, notebook PC, and PDA

Pb  
Free

RoHS Compliant  
Directive 2002/95/EC

### Features

- Compact and light. Dimensions and weight: 2.5 x 2.0 mm, 0.9 mm, and 0.02 g.
- This crystal clock oscillator can support low frequencies (from 1.5 MHz); an achievement not easy for other crystal oscillators of the same size to equal.
- Automatic mounting by taping and IR reflow (lead-free) are possible.
- Lead-free.

Absolute maximum rating  
Power supply voltage ( $V_{DD}$ )  $-0.5$  to  $+4.0$  V  
Storage temperature range  $-55$  to  $+125$  °C

### Specifications

| Item                                     |                  |                         | Model                | NZ2520SB                                 |             |             |             |             |             |             |             |

| Oscillation start time max               |                  |                         | (ms)                 | 4                                        |             |             |             |             |             |             |             |
| Standby function                         |                  |                         |                      | Available (tristate)                     |             |             |             |             |             |             |             |

\*1: If you require a product with a frequency not given above, please contact us.

\*2: If you require a product with an operating temperature range not given above, please contact us.

### List of Codes for Placing an Order

|                                                                                                                                |     |                 |                 |                |                 |
|--------------------------------------------------------------------------------------------------------------------------------|-----|-----------------|-----------------|----------------|-----------------|
| List of Codes for Placing an Order<br>(The purchase order number differs according to the difference in power supply voltage.) |     | NSA3412B        | NSA3413B        | NSA3414B       | NSA3415B        |
| Power supply voltage [ $V_{DD}$ ]                                                                                              | (V) | $+1.8 \pm 0.18$ | $+2.5 \pm 0.25$ | $+3.0 \pm 0.3$ | $+3.3 \pm 0.33$ |

## NZ2520S Series

### ■ Dimensions

### ■ Output Waveform <C-MOS>

### ■ Standby Function

| #1 Input                                                              | #3 Output             |
|-----------------------------------------------------------------------|-----------------------|
| Level H ( $0.7 V_{DD} \leq V_{IH} \leq V_{DD}$ ) or OPEN is selected. | Oscillation output ON |
| Level L ( $V_{IL} \leq 0.3 V_{DD}$ ) is selected.                     | High impedance        |

### ■ How to Specify an Order

When ordering our products, specify them with an "Ordering Code" that consists of the following:

Model name – Frequency (up to 9 digits) M – Number for specifying an order

Example 1: When ordering a product with model name: NZ2520SB, frequency: 20 MHz, frequency stability:  $\pm 50 \times 10^{-6}$ , and power supply voltage: 1.8 V

Ordering Code: NZ2520SB – 20.000000M – NSA3412B

Example 2: When ordering a product with model name: NZ2520SB, frequency: 20 MHz, frequency stability:  $\pm 50 \times 10^{-6}$ , and power supply voltage: 3.3 V

Ordering Code: NZ2520SB – 20.000000M – NSA3415B

If you have any queries concerning our standard frequencies and numbers for specifying orders, please contact our sales representatives or visit our homepage (<http://www.ndk.com/>).
