RADIATRON'S Double Sided 100 x 160mm P.T.H. Square Pad PCB Designed For Use With Yamaichi High Density "NANOFLEX" PCB Connectors

Suitable for
10 — 100 way high
density interconnection

This single Eurocard board has been specifically designed to enable engineers to use the Yamaichi high density Nanoflex right angled latched header, box header and "D" connectors, for hard wiring prototype applications. The high density connector format fans out onto a standard 2.54mm (0.1") matrix to accommodate conventional pitch components on this "plated through hole" PCB.

DIMENSIONS: 100 x 160 x 1.6 mm.

Radiatron part number 214-301709L

* Manufactured exclusively in the U.K. for Radiatron Components.
