

The image displays two perspectives of a 100-pin DVI-D connector. The side view on the left shows the full length of the connector with its 100 gold-plated pins. The top-down view on the right shows the arrangement of the pins, which are organized into two rows of 50 pins each. The pins are gold-plated and are mounted on a black plastic housing. The connector is shown against a white background.

Unless otherwise approved in writing by Samtec, all parts and components are designed and built according to Samtec's specifications which are subject to change without notice.
